DURACLASS *Mercury*

A CONTEMPORARY RESTROOM SOLUTION THAT
EMPHASIZES SPACE AND STYLE WITHOUT
COMPROMISING EXCELLENT QUALITY.

DULUXE Mercury

DuraClass Uranus has the ability to transform the look of any restroom while drawing attention to the space that is accentuated by the ceiling hung pilasters. The use of superior materials ensures added resistance for scratches, stains, cracks, steam as well as wear and tear. The stainless steel accessories exude a sense of style while ensuring durability.

DIMENSIONS

Cubicles' 2000mm overall height design includes a 150mm floor clearance. Its width and depth are tailored to meet your preferences and to adapt to individual site conditions.

MATERIALS

Standard design combines the use of solid compact laminate panel (phenolic core), natural anodized channel, and stainless steel accessories. Other options are available.

PANELS

Dividing panels are made of 12mm thick high density, water proof, solid, compact laminates (phenolic core). Door and pilaster panels are 12mm or 18mm thick. They come with high pressure textured matte finish melamine on both sides for shock and mar resistance. Door and dividing panels are 1980mm high.

STAINLESS STEEL ACCESSORIES
